

YEAR AHEAD SPREAD

Month	April 2020	May 2020	June 2020
Card	The High Priestess (reversed)	Queen of Swords (reversed)	Ace of Wands (reversed)
Clarifier	Dragon	Scorpion	Lamb
Interpretation	<p>This month your subconscious patterns might be self-sabotaging your connection to your intuition. The Dragon asks us to balance ego with our true identity. Look deep into your eyes to glimpse the "self" beyond the "self". Connecting to yourself on multiple dimensions is key to being able to find the beauty that surrounds.</p>	<p>The Queen of Swords is the Libra card and when it is reversed it can make us overly emotional and a bit bitchy. Try not to be so cold-hearted this month. The Scorpion is a passionate determined creature. Your career is important to you and you tend towards a select few friends. Sometimes you allow past trauma to ruffle the feathers of those around you in the present.</p>	<p>There's lots to distract you this month and cause delays. The meek lamb reminds you take notice of the wisdom you can only receive in the quiet calm. The Lamb wisdom may flow from an old friend, a young child or a surprising stranger. This wisdom will resonate with you and reverberate until you listen. Truth is a gift.</p>
Actionable Steps	Work on healing the third chakra this month.	It's time to come clean about your feelings and try forgiving and letting go.	Spend time listening and in meditation this month.
Month	July 2020	August 2020	Sept 2020
Card	Four of Swords (reversed)	The Tower (reversed)	Death
Clarifier	Butterfly	Cosmic Egg	Wolf
Interpretation	<p>The stagnation persists this month. You might feel burnt out and exhausted with the whole thing. However, the Butterfly denotes great change and transformation inside a relationship or if you tend to love your job your career. This transition can only come after discomfort let solid friends and activities support you through the time.</p>	<p>You may feel the need to hold onto your the way things are, but the Tower in reverse cues our intuition into an inevitable change. Try not to be anxious as the Cosmic Egg denotes the infinite within the finite. You are at the end of a journey and are getting ready to receive some cosmic blessings. You might feel as if you are never going to get through this next step, but when you do you will realize this journey is complete but it does not end.</p>	<p>Here is it again rebirth. Remember no one can fight or cheat death. With death you can see a change for the better. The Wolf energy urges us to engage in activism, humanitarian efforts and teaching. Try helping those you would usually scorn and stop holding onto stereotypes of the past.</p>
Actionable Steps	Hold tight to your positive daily routines.	Practice seventh chakra meditation working on forcing the energy at the base of your spine upwards.	Practice letting go of the old and ushering in a new world order.
Month	October 2020	Nov 2020	Dec 2020
Card	Queen of Wands	Page of Swords (reversed)	Justice (reversed)
Clarifier	Cobra	Fish	Zebra
Interpretation	<p>This month is about learning to be secure in your independence. Decide what you will no longer tolerate and put up boundaries. It is time to be a student again. What are you ready to learn from the cobra's spiritual guidance? Remember the old say, "When the student is ready the teacher appears."</p>	<p>Don't let restlessness force you into hasty decisions. The Page of Swords represents Aquarius and can shine a light on self-expression when reversed. Are you all talk and no action or are you moving too fast? The fish likes to get swept up in life's current valuing forward progression above all. However, constant movement leads to weariness and a lack of personal connection and focus.</p>	<p>This month put your faith in your morals and not the whims of others. Call out what does not ring true to you and be transparent in your relationships. The Zebra asks us to look at life with a sense of wonder and curiosity. You are expanding your world view at this time.</p>
Actionable Steps	Take a class or study something new.	The peace and calm of the moon will soothe your soul. Set up small goals and accomplish them.	It's time to plan an epic adventure.
Month	January 2021	Feb 2021	March 2021
Card	Eight of Swords (reversed)	Strength (reversed)	Two of Swords (reversed)
Clarifier	Rabbit	Peacock	Lion
Interpretation	<p>This month you are the only one keeping you down. Release limiting beliefs and take on new perspectives. Don't go through your day like the scared rabbit lamenting to anyone who will listen that the future is doomed. Notice your thoughts and words as they shape your reality.</p>	<p>You are lacking the ability to recognize your own strength. Do not get bogged down in one definition of strength but see how many types of strength a person can possess. You have gotten through so much and you can traverse these challenges too. The beauty of the Peacock is unrivaled. The secret is that the beauty starts from within and then projects outward. The Peacock does not let resentment fester and turn it rotten. It presents as a high level of acceptance of self and others.</p>	<p>Things are at a stalemate and you feel like you are bogged down in information overload. The Lion is the master of self-transformation. It's dedication to personal and spiritual growth inspires some and intimidates others. The Lion is respected by all but only known intimately by a few. Do not waste your energy or resources on those who are not keen enough to see past your tough exterior. They too are on their own path towards self-mastery.</p>
Actionable Steps	Spend time in silence. Truly listen to others without trying to think of what to say next.	Meditation on solar plexus this month.	Spend time with friends and in daily meditation.
Year Theme:	<p><i>Knight of Cups</i></p> <p>This year is about getting in touch with your emotions and expanding intuition. It might be quite a romantic year. It is easy to show compassion towards others now that you have dealt with so much of your own past trauma. You might be more inspired by the beauty around and feel the need to create with that beauty. Be more imaginative if you do nothing with your dreams they will remain just that dreams.</p>
